I met Dr. Katyal in the Emergency Room when I had a STEMI. He chewed my a** out for not coming in sooner. He was absolutely right to do so. When a problem arose during my procedure he took FULL RESPONSIBILITY and assured one of the techs that it was not his fault. He then quickly communicated with them what to do next. When the procedure was finished he replayed it for me on the monitor showing me what they did. Great communication skills, great with the medical staff, saved my life!

I have recommended Dr. Katyal to others. He took the time and found that my 21 year old son had Aortic Bicuspid Heart disease when 3 other doctors told us it was just a heart murmur. Dr. Katyal is the reason my son will live a long healthy life.
