The Mainstreaming of "Far Right" Ideas

Editorial by Mike King

Having been at this game for many years now gives one a perspective on unfolding developments which the comparatively recent Red Pilled cannot fully appreciate. Until the age of **Q / Trump**, advocating for the abolition of the "indispensable" Federal Reserve System was considered lunatic economic heresy --- and the mere mention of "White Genocide" in South Africa was regarded as the stuff of "Neo Nazi" "hate speech." Even some of the staunchest conservatives wouldn't dare to commit such social sins. Oh, they

States and his make-believe sidekick **Elon Musk** are indeed going there -- openly and with total impunity.

In the span of just a few hours, Q operatives -- posing as the oh-so-esteemed ex-Globalist known as "the richest man in the world" -- injected several Truth Bombs into a Twitter / X pipeline which now leads directly into the socially acceptable "mainstream" of political discourse. This was the whole purpose of Operation Mask, by the way. There was a pair of retweets about "White Genocide" linking to shock videos of South African monster **Julius Malema** calling for the killing of "White women, children and their pets," and singing "Kill the Boer" before a packed stadium. Yet another was a retweet of a memorial to murdered White farmers -- and another other was a retweet of a suggestion that Mask recruit **Ron Paul** to head up an audit of the Federal Reserve (*before killing it*). Musk added his own comments to some of them. Images below:

Long considered as topics deemed inappropriate to even discuss in polite company, exposure of "White Genocide" and "Ending the Fed" are on the table now.

"Shoot to kill! Kill the Boer - the farmer! Kill the Boer - the farmer! Pow! Pow!"

If you believe in the Q Operation and understand the nature of its brilliant tactical maneuverings and machinations these past 8 years -- (*seriously now, how the heck can a dwindling handful of the Black Pilled among ye still NOT see this yet?*) -- we may consider both the dawn of a new South Africa free from Marxist racial terror, and the Jacksonian killing of the Federal Reserve as "done deals" already. These rapidly unfolding movie scenes are solely for the benefit of the slowly awakening captive subjects of Normiedom hearing about things like Foreign Aid Fraud, Government Waste, CIA influenced News, White Genocide, anti-Federal Reserve and so much more for the first time.

The biggest shocks are yet to come. By the time this all drips out, even the dullest of Center normies and even a large number of libtards will stand with us, the 90% majority -- leaving only the incorrigibly libtarded "on the Left" and hopelessly Black Pilled "on the Right" sulking in sympathy with one another as the Trump Train barrels into "the Golden Age."

To boldly go where no US President has gone before.

Boobus Americanus 1: I read in the Anti-New York Times today that Elon Musk posted a video of a Black in South African political leader calling for the killing of White women and children.

Boobus Americanus 2: Musk also wants to appoint Ron Paul to audit the Federal Reserve. I suppose that Ron Paul wasn't so crazy after all.

*

St. Sugar: We just gotta listen to Musk, Boobuss! He's the ssmartesst man ever, dontcha' know?!

Editor: And richest too.
